

## LESSON 13

# KEEPING SCORE

KEY CONCEPT:

## GOAL TRACKING

Have you ever set a goal and then done nothing? New Year's resolutions are a good example. Every new year, people say they will exercise more or volunteer, but nothing happens. Why?

**HABIT 2: BEGIN WITH THE END IN MIND** teaches us the power of setting goals. But if we want to accomplish our goals, we need to track them.

If you've ever played a sport, been to a sporting event, or watched one on TV, you have probably paid a lot of attention to the scoreboard. Everyone wants to know how well they are doing. The same holds true for goals. When we track our goal on a scoreboard, we always know how well we are doing.

Finish 1<sup>st</sup> at the track meet

Make the badminton team

Score 5 home runs this season

Teach my friends how to juggle

Get solid A's in science

Attend tutor sessions for Math

Practice tennis serve with Coach

## SAMPLE SCOREBOARDS

**SCOREBOARDS CAN BE VERY CREATIVE.** Use this space to design a scoreboard to track a class goal of 100 percent homework completion.

A large, empty rectangular area outlined in purple, intended for students to design their own scoreboard to track homework completion.
